

## **Fair Use Policy**

### **“Fair For All Carers”**

When allocating breaks to carers, we adhere to the following:

- Carers taking their first break will always be given priority by the Carers' Centre. A first break is the first break taken in 12 months between April 1 and March 31.
- After the first break, carers are entitled to 3 breaks per quarter. Support groups and information workshops (identified in the breaks programme) do not count towards these 3 breaks.
- All Give Us A Break opportunities are subject to availability. If a break becomes too full, carers will be placed on a waiting list in case of cancellations.
- This policy is subject to review at any time dependent upon resources and available funding.
